

# Baby Chicks Checklist

## Necessities before bringing chicks home

- Brooder
- Pine shavings for bedding
- Heat lamp
- Thermometer
- Chick starter feed
- Chick grit
- Waterer
  - Pebbles or flat marbles to prevent drowning in the first few days
  - Brick or something similar to raise the waterer to keep bedding out
- Feeder
- Probiotics
- Electrolytes for stressed/sick chicks
- Vitamins for stressed/sick chicks
- Wound care spray (like Vetericyn)
- Transition cage to integrate with older chickens
- Coop and run for when they are fully feathered
